

## Roddie Pit Shot

The Roddie Pit Shot horizontal directional drill is preferred by drillers for installing underground services such as fibre optic broadband, gas, power and other services because of its efficiency, cost effectiveness and versatility. The Roddie has amazing and unrivalled thrust and pull back power for a drill of its size.

- Pit Launched
- Small & Robust
- Finance Available

## Specifications

Specifications:					
Thrust		15,000 lbs		6,804 kgs	
Pull Back		15,000 lbs		6,804 kgs	
Rotary Torque		1,100 ft. lbs		1491 Nm	
Spindle Speed		0 - 160 rpm		0 - 160 rpm	
Drilling Fluid (pressure)		0 - 550 psi		0 - 38 bar	
Drill Fluid Tank Capacity		44 gallon		200 litres	
Drill Rods (shoulder to shoulder)		24.4 "		60 cm	
Hydraulic Requirements:					
Oil Flow	14 gpm	53 lpm	Oil Pressure	3000 psi	207 bar
